

# Senior Faculty Talks – WRC 2025

World Resuscitation Congress 2025 | Dates: December 6 & 7, 2025 | Venue: Madurai, India

The '**Senior Faculty Talks**' session at **WRC 2025** will bring together **renowned experts and thought leaders** in resuscitation and emergency medicine to deliver **high-impact keynote and focused sessions**. These talks will set the tone for discussions on cutting-edge innovations, advanced clinical strategies, and future directions in resuscitation science.

## HOW TO APPLY?

- Submit **Nomination/Proposal** includes
  - Title of proposed session
  - 2 to 3 key points or session outline
  - Professional bio (100 - 150 words)

## Suggested Topics

Senior faculty are invited to present **expert-level insights, research breakthroughs, and leadership perspectives** across multiple domains, including but not limited to:

- **Emergency Medicine & Critical Care:** Advanced resuscitation strategies, post-ROSC neuroprotection, ultrasound-guided interventions.
- **Cardiology & Cardiac Arrest:** ECMO protocols, AI-driven prediction, wearable tech for early cardiac event detection.
- **Prehospital & EMS:** Mass casualty management, prehospital ECMO feasibility, first responder training models.
- **Pediatrics & Neonatology:** Pediatric code management, neonatal resuscitation in low-resource settings, simulation advances.
- **Toxicology:** Lipid emulsion therapy, antidote innovations, multi-drug overdose algorithms.

- **Obstetrics & Gynecology:** Maternal collapse, perimortem cesarean, obstetric hemorrhage protocols.
- **Psychiatry & Behavioral Emergencies:** Post-resuscitation psychiatric care, managing agitation, provider mental health.
- **Education & Simulation:** Gamification, debriefing strategies, global curriculum integration.
- **Technology & Innovation:** VR/AR training, AI-enabled decision support, digital solutions for bystander CPR.

## Who Can Apply?

- Senior clinicians, researchers, and educators with recognized expertise in resuscitation and allied specialties.
- Professionals with proven contributions to clinical practice, research, innovation, education, or public health in resuscitation.

## What you Gain?

- Global platform to share expertise
- Opportunity to mentor young faculty and influence future directions
- Academic recognition and networking with international leaders
- Inclusion in conference proceedings and visibility among global delegates

Email your abstract to: [info@wrc.org.in](mailto:info@wrc.org.in)

Submission Deadline: August 31, 2025

*Lead the way in resuscitation science.*

*Share. Inspire. Transform.*
